

The diagram illustrates the assembly of a roof ventilation system. The components are numbered 1 through 20:

- 1: Main roof ventilation unit with a window.
- 2: Upper roof panel with horizontal slats.
- 3: Triangular roof panel.
- 4: Side roof panel with horizontal slats.
- 5: Side roof panel with horizontal slats.
- 6: Side roof panel with horizontal slats.
- 7: Side roof panel with horizontal slats.
- 8: Lower roof panel with horizontal slats.
- 9: Vertical support post.
- 10: Vertical support post.
- 11: Vertical support post.
- 12: Large rectangular panel.
- 13: Large rectangular panel.
- 14: Small rectangular panel.
- 15: Large rectangular panel with a grid pattern.
- 16: Lower roof panel with horizontal slats.
- 17: Tool for adjusting the roof panel.
- 18: Side roof panel with horizontal slats.
- 19: Side roof panel with horizontal slats.
- 20: Long horizontal support beam.

The hardware list on the right specifies the following:

- A: Screws (16pcs): 3.5x50
- B: Screws (8pcs): 3.5X35
- C: Screws (6PCS): 3.5 X 60
- D: Bolts (8PCS): M6x55
- E: Screws (2pcs): 3.0x16
- F: Screws (6pcs): 3.5X20
